Re: **Smith Bagley, Inc.;**
Docket No. T-02556A-12-_____

To Whom It May Concern:

Enclosed are an original and thirteen copies of revised tariff pages for Smith Bagley, Inc.'s ("SBI") tariff for its universal service offering in the state of Arizona.

This current Release 19 includes revisions to SBI's on- and near-reservation universal service offerings. The changes are not resulting in any increase in the charges subject to the universal service plan offered to qualified customers of SBI. Rather, the revisions are limited to a clarification of the type of charges universal services customers are subject to once they exceed their monthly allotted plan minutes including, but not limited to, the addition of the following defined terms: out of network call, in network call.

Also enclosed is a confirmation copy of this filing. Please date-stamp and return in the envelope provided.

Sincerely,

Todd Slamowitz
Counsel for Smith Bagley, Inc.

2. GENERAL REGULATIONS - CONDITIONS OF OFFERING

2.1 DEFINITION OF TERMS (Cont'd)

Customer

A person, firm, corporation, or governmental agency responsible for paying the telephone bills and for complying with the rules and regulations of the Company.

Drop Wire

Wires between a fixed antenna and the point of entrance to the building in which the Customer's service is located.

Eligible Telecommunications Carrier Service Area (ETC Service Area)

That geographical area throughout which the Company is authorized to serve eligible universal service subscribers. A map of SBI's ETC Service Area is attached hereto as Exhibit 1.

Facilities

MTSO equipment, cell site base stations, point-to-point microwave stations, supplemental equipment, apparatus, wiring, cables and other materials and mechanisms necessary to or furnished in connection with Wireless Service.

In-Network Call

N

A call between the Company's customers that both originates and terminates within the Company's ETC Service Area.

Local Calling Area

N

As set forth in Section 5.1 herein.

Long Distance Calling Area (Toll)

N

As set forth in Section 5.1.4 herein.

Release 9

Issued: 1-23-12

Effective: 2-22-12

Mobile Sales Office

A temporary sales office that the Company sets up periodically in communities where the Company has no permanent storefront operation.

Mobile Telephone Switching Office (MTSO)

A switching unit providing telecommunications services to the general public designed for terminating and switching wireless traffic and interconnecting with the Public Switched Telephone Network.

Near Reservation

Those areas wherein Smith Bagley, Inc. has been granted ETC status and where Universal Service Customers are eligible for Lifeline and Linkup Service, but which are not on Native American Reservations.

Network Facilities

All Company facilities from the MTSO up to and including the Standard Network Interface, but not including the Customer's mobile unit.

Nonrecurring Charge

The one-time charge associated with a given service or item of equipment which applies on a per service and/or a per item basis each time the service or item of equipment is provided or changed.

On Reservation

N

Native American Reservations wherein Smith Bagley, Inc. has been granted ETC status and where Universal Service Customers are eligible for Lifeline and Linkup Service.

Out of Network Call

N

A call from a Company customer that originates within the Company's ETC Service Area to a non-Company customer that terminates anywhere within the domestic U.S.

Roaming

N

As set forth in Section 5.2(C) herein.

Station

A base station and other type equipment at the Customer's premises or under the which Customer ' s control, allows the Customer to establish communication.

Supporting Structure

Consisting of, but not limited to, pipes, conduits, poles, trenches, backboards, plenum spaces, etc.; as required for the physical placement, protection and support of telephone facilities. These structures are furnished, installed and maintained at the expense of the Premises owner for use by the Company in terminating telecommunications.

Universal Service

The furnishing of basic telephone service, as required by the Communications Act of 1934, as amended, the Federal Communications Commission=s Rules, and the Rules of the Arizona Corporation Commission to the Company's Customers utilizing Cellular Radiotelephone Service within the designated Eligible Telecommunications Carrier ("ETC" service area.

Universal Service Customer

A Customer who is eligible to receive benefits established under federal or state universal service programs.

Wireless Service

The furnishing of equipment and facilities for cellular radiotelephone communications within a designated area.

5. BASIC SERVICES

5.1 LOCAL CALLING AREA

The Local Calling Area is the Company's designated ETC Service Area.

T

5.1.2 CLASSES OF SERVICE

The Company offers one Class of Service to Universal Service Customers under this tariff.

5.1.3 MAPS

See Exhibit 1.

5.1.4 LONG DISTANCE

T

A call from a Company customer that originates within the Company's ETC Service Area, and terminates outside the Company's ETC Service Area will be subject to a long distance charge, as applicable, in addition to airtime charges. This type of call is not included in the Customer's Universal Service Plan.

Issued: 01-23-12

Effective: 02-22-12

5. BASIC SERVICES

5.2 UNIVERSAL SERVICE

A. General

1. The rates and charges as quoted herein for Universal Service entitle the Customer to make calls that originate and terminate within the Company's Local Calling Area. **T**
2. Universal Service includes the following basic services as required by 47 C.F.R. § 54.101(a).
 1. Single Party Service – Company's service is a single-party service that includes voice grade access to the public switched telephone network and local usage that allows Customers to originate and terminate calls within the applicable Local Calling Area.
 2. DTMF Signaling, or its Functional Equivalent - DTMF is a method of call signaling that facilitates the transportation of call set-up and call detail information.
 3. Access to Emergency Services (i.e. A911") - Customers will be able to reach a public safety answering point or designated central dispatch location by dialing A911.@
 4. Access to Operator Services - Customers will have access to live or automatic operator assistance for the placement of telephone calls, including collect calls, calling card calls, credit card calls, person-to-person calls and third party calls, as well as obtaining related information.
 5. Access to Interexchange Services - Customers may access long distance service that allows for the origination of calls completed outside of the applicable Local Calling Area. A Customer may also access a specific long distance carrier by dialing that carrier's access number.
 6. Access to Directory Assistance - Directory Assistance provides Customers with access to information contained in directory listings.
 7. Toll Limitation Services - Customers may choose to have the Company block toll calls originating from the Customer's phone. This option can be exercised by making such a request to the Company.

Issued: 5-17-01

Effective: 6-1-01

5. BASIC SERVICES

5.2 UNIVERSAL SERVICE

A. General (Cont'd)

3. Monthly Minimum Allowance

The Universal Service price plan offers a monthly allowance of airtime minutes allocated under the plan. Unused airtime minutes are forfeited and a Customer may not carry them into the next month or apply to them to other phone lines. A Customer's first minutes of airtime will be applied to Customer's monthly allowance. Once a Customer exceeds the monthly allowance of airtime minutes, Customer must purchase a pre-paid replenishment card or charge the call to a credit card to place additional calls.

In-Network calls once the customer exceeds the monthly allowance of airtime minutes, as well as Out-of-Network calls, Long Distance calls, and Roaming calls will be billed at a per minute charge at rates and terms set by the Company.

N

Long Distance calls, as described in Section 5.1.4 and Roaming calls, as described in Section 5.2 (C), are not included in the Universal Service Plan. These types of calls accrue over and above the standard airtime charges, and must be paid for in advance using pre-paid replenishment (top up) card, or charged to a credit card at the time that the call is placed, .

T

4. Taxes and Surcharges

The Universal Service rate includes federal state and (where applicable) local taxes. It may also include surcharges and assessments.

Issued: 01-23-12

Effective: 02-22-12

5. BASIC SERVICES (Cont'd)

5.2 UNIVERSAL SERVICE (Cont'd)

B. Chargeable Time

1. Chargeable Time begins when the "Send" button on the handset is pressed.
2. Chargeable Time ends when the network connection is released, rounded up to the nearest minute.
3. Chargeable Time shall accrue for local calls, long distance calls, toll free calls (e.g., "800," "888" and "877"), voice mail and operator services.
4. Calls to 911 and certain other emergency and community service organizations are toll free and do not accrue Chargeable Time. The Company shall provide a list of toll and airtime free numbers to each Universal Service Customer upon service activation, and periodically provide an updated list.

C. Roaming

T

Airtime minutes used while making a call that originates outside of the Company's ETC Service Area, regardless of whether the call terminates within the Company's ETC Service Area, is considered roaming and is not part of the Universal Service plan. Such calls must be paid for in advance using a calling card, credit card or pre-paid replenishment card. It may not be possible to receive calls when roaming outside of the Company's ETC Service Area.

D. Additional Minutes

Customers may purchase additional airtime minutes at rates and on terms offered by the Company.
